Curing Childhood Cancer

A portion of the sales during the "Month of Alabama Food" go to the Janie Sims Foundation for Curing Childhood Cancer. The Alabama Food Manufacturers and Producers Association to date has contributed over \$60,000 to this wonderful organization. The Janie Sims Foundation helps raise money for families of children being treated for cancer as well as money for research at the Children's Hospital in Birmingham, AL. All funds raised for the Janie Sims Foundation stay right here in Alabama to help Alabama's most precious resource, its children!
